Highlights

- Accredited mediator and arbitrator
- Over 20 years' industry experience as in-house counsel and general counsel
- Extensive knowledge and experience in drafting, negotiating and following-up commercial contracts under high-stake, complex, long-term international projects

Summary of Work History

Guillaume is a dispute avoidance and dispute resolution lawyer with extensive knowledge and experience of major projects in the construction, energy, environment and manufacturing sectors all acquired in a multi-jurisdictional environment.

Before founding Geißel Federn Partners, he has worked as in-house counsel and general counsel for over 20 years for large multinational companies in the defence (THALES), aerospace (ARIANESPACE) and construction industries (VINCI).

He has participated in countless cross-border transactions involving both non-contentious and contentious works, such as contract drafting, contract negotiation, contract administration, claim preparation and alternative dispute resolution.

He has been seconded by THALES in Singapore as regional legal counsel (1999-2003) and by VINCI in Qatar as (acting) general counsel (2007-2013) before serving as general counsel of VINCI Construction Grands Projets (2013-2017).

Guillaume has authored *Law and Practice of Major International Projects* (in French) (Legitech) and is a lecturer at *Association Française d'Arbitrage (AFA)*, *Association Française des Juristes d'Entreprise (AFJE)* and SciencesPo Law School
